

Contributions Policy Statement

The UPCC LGA is committed to promoting an interest in golf with an emphasis on fellowship and sportsmanship. Our organization annually operates a charitable donation drive with the Board selecting a worthy organization in our local community with LGA members voluntarily making individual contributions

In addition, the LGA board may make contributions from our treasury to charitable organizations that meet certain guidelines: promotes interest in golf in the local community, or supports golf-related events raising money for charities, or supports underserved women, girls and/or children principally in our local area. The Executive Board will establish a maximum contribution budget each year, review all applications for contributions and present to the full Board for its approval. Decisions are in the sole discretion of the Board.
